

Apprentice/Young Achiever of the Year

This application is to recognise a young rising star who is working within the construction or property sector and is open to people aged 30 years' and under (before 31st October 2023) and working within the boundaries of Greater Lincolnshire.

This might be someone who is just new to the sector and beginning to build a career path within the organisation they are working for. We'd like to hear how the individual has started to make a real difference within the organisation, and how their passion and motivation has aided them so far.

Entries are required to demonstrate the following: We'd like to hear how the individual has started to make a real difference within the organisation, and how their passion and motivation has aided them so far, using the following criteria;

- Commitment to personal development
- Training/education
- Contribution to their place of work
- Teamwork/people skills/relationship building

Questions to be answered: Please answer all of the following questions as fully as possible to help the judges make an informed decision.

1. Description your current roles within your organisation
2. How can you demonstrate a commitment to personal development and progress?
3. Provide examples of how you have demonstrated exceptional quality in your field, produced outstanding work and overcome barriers
4. Why do you think you should win this award and how will it benefit you?
5. Please include a set of images (2-10no), or short MP4 video file (max 2 mins, please send this separately to events@lincs-chamber.co.uk) which supports your submission.

Architecture / Design Consultancy of the Year

The applicant for this category will be a Lincolnshire-based company which provides architecture and/or design services within the construction and property industry, and will be a company who has achieved significant growth and impact over the last year. They must have a local Lincolnshire office and be committed to building a strong local presence.

Entries are required to demonstrate the following:

- Contribution to the Lincolnshire economy through the construction and property market
- The firm's approach to partnering with both clients and projects
- Promotion of Lincolnshire as a destination for business
- Customer satisfaction and repeat work
- Industry best practice and technical excellence
- Positive social and economic impact on the local community
- How you engaged with stakeholders and the local community

Questions to be answered: Please answer all of the following questions as fully as possible to help the judges make an informed decision.

1. Provide a short overview of the company
2. Outline the projects and construction and/or property work that your firm has been involved in the last 12-18 months and highlight any outstanding features of this work including any innovative solutions to difficult problems?
3. How is your firm responding to current market conditions - what are you doing differently?
4. What is your firm's approach to sustainability in business operations and projects?
5. What is your firm's approach to partnering with both clients and suppliers?
6. Are you a good employer? Highlight any staff benefits you think appropriate and any evidence that our firm promotes diversity amongst your workforce.
7. How are you investing in the future talent of the construction and property market in Lincolnshire
8. Why do you feel you deserve to win the award for Architecture / Design Consultancy of the Year?
9. How will winning this award benefit your business?

Engineering Consultancy of the Year

The applicant for this category will be a Lincolnshire-based company which provides engineering services within the construction and property industry, and will be a company who has achieved significant growth and impact over the last year. They must have a local Lincolnshire office and be committed to building a strong local presence.

Entries are required to demonstrate the following:

- Contribution to the Lincolnshire economy through the construction and property market
- The firm's approach to partnering with both clients and projects
- Promotion of Lincolnshire as a destination for business
- Customer satisfaction and repeat work
- Industry best practice and technical excellence
- Positive social and economic impact on the local community
- How you engaged with stakeholders and the local community

Questions to be answered: Please answer all of the following questions as fully as possible to help the judges make an informed decision.

1. Provide a short overview of the company
2. Outline the projects and construction and/or property work that your firm has been involved in the last 12-18 months and highlight any outstanding features of this work including any innovative solutions to difficult problems?
3. How is your firm responding to current market conditions - what are you doing differently?
4. What is your firm's approach to sustainability in business operations and projects?
5. What is your firm's approach to partnering with both clients and suppliers?
6. Are you a good employer? Highlight any staff benefits you think appropriate and any evidence that our firm promotes diversity amongst your workforce.
7. How are you investing in the future talent of the construction and property market in Lincolnshire
8. Why do you feel you deserve to win the award for Engineering Consultancy of the Year?
9. How will winning this award benefit your business?

Development Project of the Year (Under £5million)

This application is for a non-residential development with a value under £5m. For the purpose of these awards this includes commercial developments, educational establishments, retail, leisure, industrial and mixed use developments. The project must be located within the boundaries of Greater Lincolnshire and must be fully completed in the past 12-18 months prior to 31st October 2023. Projects or initiatives still at the planning stage will not be acceptable.

Entries are required to demonstrate the following: Projects will be judged on design, sustainability, innovation and construction performance and procurement and team work with the client, using the following criteria:

- Innovative or unusual technical solutions adopted for the project's design and delivery
- Design excellence
- Quality of construction and materials used
- Positive social and economic impact on the local community
- Sustainability and environmental impact on the local community
- Visual impact
- Budgetary constraints and value for money
- How it meets the occupier needs

Questions to be answered: Please answer all of the following questions as fully as possible to help the judges make an informed decision.

1. Please provide a written description of the project - this narrative should provide the background to the project.
2. Visual articulation of the project - a set of photographs (2-10no), or short MP4 video file (max 2 mins, please send this separately to events@lincs-chamber.co.uk) which illustrates the nature of the project(s). *Note*: planning drawings are insufficient, the panel wish to see evidence of the completed build.
3. Who were the main parties involved in the project (provide company names and role played)?
4. Describe your company's role in the scheme
5. Describe the features of the project based on the criteria above (please break down in to sections in criteria)
6. Describe how the project was delivered on time and on budget
7. Why does this project deserve to win Development Project of the Year (Under £5million)?

8. How will winning this award benefit your business?

Development Project of the Year (Over £5million)

This application is for a non-residential development with a value over £5m. For the purpose of these awards this includes commercial developments, educational establishments, retail, leisure, industrial and mixed-use developments. The project must be located within the boundaries of Greater Lincolnshire and must be fully completed in the past 12-18 months prior to 31st October 2023. Projects or initiatives still at the planning stage will not be acceptable.

Entries are required to demonstrate the following: Projects will be judged on design, sustainability, innovation and construction performance and procurement and team work with the client, using the following criteria:

- Innovative or unusual technical solutions adopted for the project's design and delivery
- Design excellence
- Quality of construction and materials used
- Positive social and economic impact on the local community
- Sustainability and environmental impact on the local community
- Visual impact
- Budgetary constraints and value for money
- How it meets the occupier needs

Questions to be answered: Please answer all of the following questions as fully as possible to help the judges make an informed decision.

1. Please provide a written description of the project - this narrative should provide the background to the project.
2. Visual articulation of the project - a set of photographs (2-10no), or short MP4 video file (max 2 mins, please send this separately to events@lincs-chamber.co.uk) which illustrates the nature of the project(s). *Note*: planning drawings are insufficient, the panel wish to see evidence of the completed build.
3. Who were the main parties involved in the project (provide company names and role played)?
4. Describe your company's role in the scheme
5. Describe the features of the project based on the criteria above (please break down in to sections in criteria)
6. Describe how the project was delivered on time and on budget
7. Why does this project deserve to win Development Project of the Year (Over £5million)?

8. How will winning this award benefit your business?
